Model Forest Network

Model Forests of the Mediterranean Network: community, products, management

The Alps, the Apennines, the Moroccan Atlas Mountains, and so on. This forum is a showcase of good practices concerning sustainable forest management in the Mediterranean countries: from Spain to Croatia, from Italy to Turkey. An opportunity to learn more about the systems that can support local communities, promote local agricultural products and stem the tide of depopulation of the highlands.

THE EVENT WILL BE HELD IN TWO LANGUAGES: ITA-ENG (SIMULTANEOUSLY TRANSLATION)
